Cheng & Tsui's best-loved Chinese textbook series is new, revised, and better than ever! Integrated Chinese is already the leading introductory Chinese textbook at colleges and universities around the world. The third edition of this time-tested series has been fully updated to meet the needs of today's students with new communicative and interactive exercises, a full-color design, up-to-date vocabulary, enhanced cultural coverage, a diverse cast of characters, and a realistic storyline linking all the dialogues and readings. In the third edition, Level 2 has also been split into two parts to match the format of Level 1. ## Customer Reviews

Absolutely fantastic series of books! The first two years of my Chinese classes in college used the Integrated Chinese series as the main curriculum material. The entire series incorporates vocabulary and grammar points that are relevant to the beginner/intermediate student. Rather than simply listing out dozens of vocab words, each chapter is prefaced with a dialogue or short commentary that uses the following vocab words. Teaching relevant words is one thing, but giving them in a relevant context was incredibly helpful. In addition, the dialogues and commentaries were not random stories - the Integrated Chinese series follows the lives of a handful of characters as

they walk through life together, recording their conversations and experiences. It very much resembles Friends the way that the characters interact with one another, fall in love, go to school, express struggles, etc. For our class, we wanted to plow through each chapter for the sake of getting to the next drama-filled episode of Li You and Wang Peng's love story. The accompanying videos were the icing on the cake, as (very clearly) white actors were used with terrible dubs to tell the thrilling storyline of how Gao Wenzhong tries to intervene in the aforementioned love story. People have Bachelor parties and Gossip Girl get-togethers, but each day of class for us became an Integrated Chinese viewing party. All joking aside, the approach this series takes to teaching language (much less a language which is often deemed "too difficult" for native English speakers) is simple and natural and caters well to the cultural environments that college age students encounter.
