Study Guide For Wong's Nursing Care Of Infants And Children, 10e

Synopsis

Master pediatric nursing concepts and apply them to the practice setting! Corresponding to the chapters in Wong's Nursing Care of Infants and Children, 10th Edition, by Marilyn Hockenberry and David Wilson, this study guide reinforces your understanding of pediatric nursing with learning activities, review questions, and case studies with critical thinking questions. A variety of question types includes multiple-choice, matching, fill-in-the-blank, short answer, and true/false questions. Critical thinking case studies apply concepts to real-world practice. An answer key is included in the back of the study guide. Perforated pages allow you to submit assignments to your instructor. Key terms are accompanied by definitions and help you learn important terminology.

Customer Reviews

Information is presented in an easy manner, but this book is LONG winded and waaayyy too much to read if you are on a short schedule and can be better found in any ATI book, which is clear and concise.

Fast shipping. just as described. Very satisfied! Thank you :)

It's ok. Not very helpful with test

Great book. Great condition.

Good book. Perfect condition
