## **Customer Reviews**

This is a requirement for a class and it arrived early. It comes with the book, workbook and a dvd set. If you want to pass your bna class this is really useful. Or if you just want to know how to take care of an old loved one this is pretty good to.

Information is organized to efficiently construct chapters, not necessarily to prepare students for the field

It was exactly what my friend needed for school plus more. Excellent!

It's a great book, with a lot of information but a little bit pricy.

Great Book received on time would recommend to others

All that I expected and more
